Cool Down for
Warmth

*185,000 Households,
\$75,000,000,
3 National Recognitions,
20 years helping New Jersey families
stay safe and warm in their homes!*

Join us for the *NJ SHARES' Cool Down for Warmth* February 1st and 2nd 2018. We're building an Ice House in downtown Newark at the Prudential Center's Championship Plaza to showcase the critical importance of heat during the cold winter months. Friends of New Jersey SHARES will use crowdfunding platforms to help us raise funds while they sit inside the cold ice house. We'll be celebrating our accomplishments and preparing for the next 20 years of helping low, moderate and fixed income families.

We hope you will become a sponsor of our *Cool Down for Warmth* event through one of the available sponsorship packages. Cool Down for Warmth is a great opportunity to showcase your support for our neighbors in need. For more information and to secure your sponsorship spot, please contact Barbara Gomes bgomes@njshares.org.

49% of households helped by NJ SHARES had a child 18 or younger.

49% of households helped by NJ SHARES had a member over 50 years old.

82% of households helped by NJ SHARES were employed.
